CERTIFIED MAIL -- RETURN RECEIPT REQUESTED

Mrs. Nancy Redgate
Superfund - Federal Facilities
Environmental Protection Agency
Region IV
345 Courtland Street
Atlanta, GA 30365

Dear Mrs. Redgate:

As indicated in the Preliminary Assessment/Initial Assessment Study for Naval Submarine Base, Kings Bay, Georgia, waste disposal sites were identified and none were found to contain hazardous waste. Consequently, none were recommended for further action.

This matter was discussed during a phone conversation with Mr. Joel G. Murphy on 22 March 1988 and yourself. An agreement was reached that no Hazardous Ranking System scoring was required due to no hazardous waste sites being identified. Accordingly, we will not be submitting an HRS scoring package for Naval Submarine Base, Kings Bay.

Please address any questions to Joel G. Murphy at (803) 743-0577.

Sincerely,

J. B. MALONE, JR.
