LCDR Mike Patterson, TRC Chairman
Assistant Public Works Officer
Naval Submarine Base
Kings Bay, Georgia 31547-5000

SUBJECT: CROOKED RIVER PLANTATION

Dear LCDR Patterson:

With regard to the above, our records indicate that until the mid 1980's the area was a tree farm. In March 1986 City Council approved rezoning the property and the subdivision plan. The first building permit was issued on June 19, 1986. Our records indicate that all 567 houses constructed in Crooked River are connected to the city water and sewer system.

Sincerely,

Michael G. Mahaney, P.E.
City Manager
