RETURN RECEIPT REQUESTED

Georgia Department of Natural Resources
Attn: Mr. Harold Reheis, Director
Environmental Protection Division
205 Butler Street S.E., Suite 1252
Atlanta GA 30344

Dear Mr. Reheis:

This letter confirms our receipt of your draft Corrective Action Consent Order concerning remediation of contaminated groundwater at Site 11 - Old Camden County Landfill.

My staff is currently reviewing your draft Order. However, our full review will take longer than the ten days your letter sets out. Several elements of command are required to fully examine this Order. We agree in principle with your draft Order but need to ensure the specific language is adequate to protect the interests of the Naval Submarine Base and the Navy.

Accordingly, we request an extension for return of the Consent Order for execution until December 15, 1993. Please advise us, in writing, if this time frame is acceptable.

In closing, I would again like to express my sincere appreciation for your staff's fine efforts in working with us on this critical endeavor. If you have any questions on this or any other matter, please do not hesitate contacting either myself or Mr. John Garner, at (912)-673-8845. Please direct any correspondence to "Commanding Officer, 1063 USS Tennessee Avenue, Naval Submarine Base, Kings Bay GA 31547-2606."

Sincerely,

M. W. O'NEIL
Captain U.S. Navy
Commanding Officer
