Dear Mr. Barksdale:

Enclosure (1) is a copy of the Final RFI Interim Report, Volumes I and II, for Site 11, Old County Landfill, Naval Submarine Base, Kings Bay and is forwarded for your review and comment.

As you know, we are proceeding forward in the pilot study stage of this investigation. We will continue to provide fact sheets to keep the public informed of the status of the investigation and clean-up.

We have scheduled our next Technical Review Committee (TRC) meeting and public information session for March 22, 1994, based on the pilot study's progress. We will provide additional information regarding these meetings by separate letter.

If you desire to inspect the progress at the site, or have concerns or comments, please contact LCDR Patterson at 912-673-4600 or Mr. John Garner at 912-673-8845. Thank you for your continued interest and participation in this important project.

Sincerely,

M. J. PATTERSON
