Atlanta GA 30334

Dear Mr. Khaleghi:

Enclosure (1) is forwarded regarding disposal of Investigative Derived Wastes (IDW) generated during the Supplemental RFI and Interim Measure drilling and sampling activities. These IDW are associated with the investigation of Site 11, Old County Landfill, located on Naval Submarine Base, Kings Bay, Georgia.

Based on test results of IDW from Site 11, we request approval to dispose of IDW within the Site 11 boundaries.

This method of disposal is recommended by our consultant ABB Environmental Services, Inc. Their analysis, enclosure (1), includes test results to support their recommendation. Please advise us if this is acceptable.

If you have questions, please contact Mr. John Garner at 912-673-8845. Please address all correspondence to "Commanding Officer, Naval Submarine Base, 1063 Tennessee Avenue, Kings Bay, GA 31547-2606."

Sincerely,

L.P. Scullion P.E.
