Restoration board meets on Aug. 18

Kings Bay Naval Submarine Base is expanding opportunities for public involvement in the base environmental cleanup program.

The first step in this process is the establishment of a Restoration Advisory Board (RAB). The first public information session to discuss the purpose of the RAB and selection process for members will be held on Aug. 18 at Crooked River Elementary at 6 p.m.

The RAB is a forum for the discussion and exchange of information among community members, representatives of the Navy and local, state and federal environment regulatory agencies. The RAB will serve as a link between the community and the Navy.

For more information, contact John Garner at 673-8845 or JOC Stacey Byington at 673-4714.
