Dear Mr. Hendricks:

Thank you very much for giving us the opportunity to meet with you and other members of your organization on September 7, 1995. We believe the meeting was very successful and answered several of our concerns related to our investigation and remediation of the Old Camden County Landfill, Site 11, located on SUBASE.

We are in the process of preparing a draft response to the June 14, 1995 Notice of Deficiency (NOD). This response will be prepared in coordination with your, Ms. Madeleine Kellam, ABB Environmental Services, Inc. and Submarine Base, Kings Bay. We appreciate your guidance and input on this matter. Because of the short time remaining between now and the September 21, 1995 NOD response deadline, we request an additional 30 day extension to adequately respond to your NOD comments.

Please address all correspondence to "Commanding Officer, 1063 USS Tennessee Avenue, Naval Submarine Base, Kings Bay GA 31547-2606." SUBASE Kings Bay point of contact on this matter is Mr. Sandi Mukherjee, (912) 673-2001, extension 1217. Thank you again for your continuing support and cooperation as we move ahead in resolving this problem.

Sincerely,

J.R. ALLEN, P.E.
