Dear Mr. Khaleghi:

This is to express our appreciation for the participation of your Mr. Billy Hendricks and Ms. Madeleine Kellam at the SUBASE Kings Bay Team Meeting on August 12 and 13 in Atlanta, GA. These individuals provided excellent professional advice and helped us get back on track regarding the regulatory requirements. We look forward to future meetings with you and working together to facilitate a fast and efficient cleanup of the Old Camden County Landfill.

Forwarded as a separate mailing are two copies of the Final Draft of Supplemental Resource Conservation and Recovery Act Facility Investigation Report, Site 11, Old Camden County Landfill. An Addendum to this report will soon follow which will provide additional information to support complete delineation. An estimated date for delivery of this addendum is October 30, 1997. Field work for this effort is planned to begin September 15, 1997. Please provide comments at your earliest convenience.
