Re: Compliance Status
Corrective Action Consent Order Number EPD-HW-1072

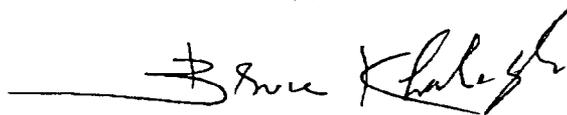

Dear Sir:

On March 18, 1994, the Naval Submarine Base Kings Bay entered into a Corrective Action Consent Order with the Environmental Protection Division, seeking to obtain corrective action for prior releases of hazardous constituents from Site 11, the Old Camden County Landfill, at your facility. We have reviewed information provided by Subase on March 18, 1999, detailing the results of current corrective action activities at this site. These new results support the contention that your Interim Measures are reducing the contamination at and arising from the site.

Naval Submarine Base Kings Bay has now adequately responded to all conditions of the above-referenced Consent Order.

Thank you for your continuing commitment to the improvement of Georgia's environment. If you have questions or comments, please contact Madeleine Kellam or Billy Hendricks at 404-656-2833.

Sincerely,

Bruce Khaleghi, Unit Coordinator
Hazardous Waste Management Branch
