Re: Final RFI Report for Site 2, Fire Fighting Pit  
5090 Ser FE4/2008

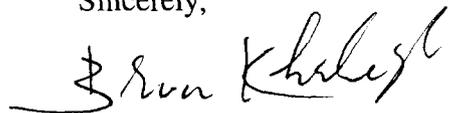

Dear Sir:

We have reviewed the final RCRA Facility Investigation (RFI) Report for Site 2, the Fire Fighting Pit at the Naval Submarine Base Kings Bay, identified in your Hazardous Waste Facility Permit, HW-014(S&T)-3 as Solid Waste Management Unit (SWMU) number 5. This SWMU was located on the site now occupied by the Refit Drydock and its associated buildings on the waterfront. This final Report is acceptable as submitted.

We concur with your conclusion that the site has been remediated in an appropriate manner. We agree that no further remedial action need be proposed for this site at this time. This decision will become final when your Permit is next amended.

Thank you for your continuing interest in Georgia's environment. If you have questions or comments, please contact Billy Hendricks or Larry Papetti at 404-656-2833.

Sincerely,

Bruce Khaleghi, Unit Coordinator  
Hazardous Waste Management Branch
