Re: Request to Reduce Frequency of Monitoring, 108 Cottage Court
5090 Ser FE4/0243

Dear Sir:

On February 7, 2002, the Naval Submarine Base Kings Bay requested a reduction in frequency of monitoring for the irrigation well at 108 Cottage Court from monthly to annually. This well has consistently exhibited contaminant levels below action levels or the detection limits. The request is hereby approved, and the change may be implemented immediately.

Thank you for your continued interest in protecting Georgia's environment. If you have questions, please contact Billy Hendricks or Larry Papetti at 404-656-2833.

Sincerely,

Bruce Khaleghi, Unit Coordinator
Hazardous Waste Management Branch
