Subj: TECHNICAL REVIEW COMMITTEE

Dear Mr. Puffer:

I would like to provide you with the current status and plans in regards to our Installation Restoration Program.

We anticipate that field work will begin during January-March 1991. Approximately two weeks prior to the commencement of the field work, we intend to hold the second Technical Review Committee (TRC) meeting and will forward the date, time, location, and agenda to you a minimum of two weeks prior to scheduled meeting date.

The minutes of the first meeting held on November 28, 1989, a list of attendees and the draft Technical Review Committee Charter, for your review and comments, were forwarded to you by my letter of January 17, 1990.

Should you have any questions, please contact Mr. Steve Stouter at 904-241-6730.

Sincerely,

PETER A. C. LONG
