REQUEST FOR EXTENSION OF RESPONSE TIME FOR SUBMITTAL OF REVISED  
DRAFT RFI REPORT FOR NAVAL STATION MAYPORT, MAYPORT, FLORIDA

Dear Mr. Johnston:

According to your letter and comments of 26 August 1992 we will owe you a revised draft RFI Report for Phase I on 28 September 1992. We will not be able to comply with that date due to the considerable time and effort required to reorganize the report and evaluate the risk assessment data on a SWMU by SWMU basis.

As a result we request that the due date for the revised draft RFI Phase I Report be changed to 6 November 1992. This extra time will allow us to complete the necessary re-writing and analysis required by your comments.

If you have any problems or questions, please contact Mr. Jim Reed at (803) 743-0572.

Sincerely,

J. B. MALONE, JR.  
By direction
