RE: Authorized Representative for Mayport Naval Station  
FL9 170 024 260

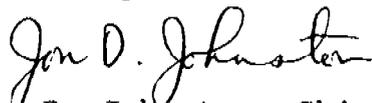

Dear Capt. Ziemer:

We are in receipt of your May 26, 1993, letter regarding the representative authorized to sign and certify documents in accordance with 40 CFR 270.11(b). You have identified the Commanding Officer, Attention Code 185, Southern Division, Naval Facilities Engineering Command, as that representative.

It is standard procedure for the Environmental Protection Agency (EPA) to recognize the representative who signs the Hazardous and Solid Waste Amendments (HSWA) portion of the Resource Conservation and Recovery Act (RCRA) Permit as the authorized representative and therefore the recipient of official documents issued by EPA. Enclosed is a copy of a memorandum from EPA Headquarters Directors to this effect. Official documents range from routine correspondence to enforcement actions for violations of the HSWA Permit. In the case of the Mayport Naval Station, the Commanding Officer of Mayport Naval Station signed the HSWA portion of the RCRA Permit. Therefore, EPA recognizes the Commanding Officer of the Naval Station in Mayport, Florida as the duly authorized representative.

If you have any questions, please call Doyle Brittain in the Federal Facilities Branch, Department of Defense Remedial Section, at (404) 347-3016, or Mary Butler in the Office of Regional Counsel, at (404) 347-3777.

Sincerely,

Jon D. Johnston, Chief  
Federal Facilities Branch  
Waste Management Division

Enclosure
