RE: Letter Report: Solid Waste Management Unit (SWMU) 12 Soil Sampling Event; U.S.
Naval Station Mayport, Florida

Dear Ms. Wilson:

I have reviewed the above document dated June 18, 1999 (received June 21, 1999). The document has been produced to assess possible effects on site soils as the result of an historic sodium hydroxide spill. Except for a bibliographic reference to Chapter 62-785, F.A.C. instead of Chapter 62-777, F.A.C., the document is acceptable.

If you need further clarification or any additional information, please feel free to contact me at 850-921-4230.

Sincerely,

James H. Cason, P.G.
Remedial Project Manager
