RE: Bioventing and Bioslurping Systems for Solid Waste Management Units 6 and 7 at Naval Station, Mayport, Florida

Dear Ms. Wilson:

I have reviewed the above document dated December 15, 2000 (received December 22, 2000). We have also discussed the information at our Partnering meeting earlier this month. At the meeting, we reviewed and reaffirmed our decision that the system would remain shut down to give us a chance to evaluate recovery of the system. The above document is acceptable.

If you need further clarification or any additional information, please feel free to contact me at 850-921-4230.

Sincerely,

James H. Cason, P.G.  
Remedial Project Manager
