RE: Quarter Three Groundwater Monitoring Report for Solid Waste Management Units 6 and 7 at Naval Station, Mayport, Florida

Dear Ms. Wilson:

I have reviewed the above document dated December 7, 2000 (received December 11, 2000). The document indicates that we are still finding free product at the site. After the next (final) monitoring report is submitted, we should assess how we are going to continue our efforts at site cleanup. The above document is acceptable.

If you need further clarification or any additional information, please feel free to contact me at 850-921-4230.

Sincerely,

James H. Cason, P.G.  
Remedial Project Manager
