RE: Annual Groundwater Monitoring Report: SWMU 15; U.S. Naval Station, Mayport,  
Florida

Dear Ms. Wilson:

I have reviewed the above report dated May 21, (received May 23, 2001). Please forgive the tardiness of my review, but I mistakenly thought I had previously reviewed it. The document recommends continued monitoring for the low levels of pesticides and arsenic. I concur with that recommendation.

If you need further clarification or any additional information, please feel free to contact me at 850-921-4230.

Sincerely,

James H. Cason, P.G.  
Remedial Project Manager
