RE: Work Plan Addendum 02: Remedial Actions at Building 46, Site 1330, Naval Station
Mayport, Mayport, Florida

Dear Ms. Washington:

I have reviewed the above document dated February 2004 (received February 19, 2004). The document furnishes a written summary of the investigation activities at Site 1330, attempting to define a possible source of isopropyl benzene. I concur with the proposed activities and the work plan is acceptable.

Thank you for the opportunity to review this document. If you require further clarification or other assistance, please contact me at 850-245-8999.

Sincerely,

James H. Cason, P.G.
Remedial Program Manager
