RE: Draft Final Statements of Basis, Solid Waste Management Units 8, 9, 11, and 51, Naval Station Mayport, USEPA ID #FL9 170 024 260, Mayport, Florida (Tetra Tech, February 10, 2014)

Dear Mr. Hayworth:

I have reviewed the subject document dated February 10, 2014. I received this document on February 11, 2014. This document was completed under Contract Task Order Number 0033.

The report states *"Tetra Tech, Inc. is pleased to submit the Draft-Final Statements of Basis (SBs) for Solid Waste Management Units (SWMUs) 8, 9, 11, and 51 for your review."*

Based on my review of the Statements of Basis, the Department is in concurrence with the proposed corrective measures for SWMUs 8, 9, and 51. The Department concurs with the proposed corrective measure of No Action for SWMU 11. However, the Department has one comment. In the Introduction section, please change the date of the NAVSTA Mayport renewed HSWA permit to the recently reissued one in all SBs.

Thank you for the opportunity to review this document. If you require additional clarification or other assistance, please feel free to contact me at 850/245-8999.

Sincerely,

John Winters, P.G.
Remedial Project Manager
