RE: Final Corrective Measures Study (CMS), Revision 2, Solid Waste Management Units 8, 9, 11, and 51, Naval Station Mayport, USEPA ID #FL9 170 024 260, Mayport, Florida (Tetra Tech, January 24, 2014)

Dear Mr. Hayworth:

I have reviewed the subject document dated January 24, 2014. I received this document on January 29, 2014. This document was completed under Contract Task Order Number 0033.

The report states *"Tetra Tech, Inc. is pleased to submit the Final Corrective Measures Study, Revision 2, for Solid Waste Management Units (SWMUs) 8, 9, 11, and 51 at Naval Station Mayport,..."*

Based on my review of this CMS, and the Navy's responses to the Department's comments concerning the Draft Final CMS, the Department is in concurrence with the proposed corrective measures for SWMUs 8, 9, and 51. The Department also concurs with the proposed corrective measure of No Action for SWMU 11.

Thank you for the opportunity to review this document. If you require additional clarification or other assistance, please feel free to contact me at 850/245-8999.

Sincerely,

John Winters, P.G.
Remedial Project Manager
