Subject: RAA document review #2061 has been completed

The reviewer Thomas Spriggs has completed the review of RAA document #2061

The optimization goals for this review document are: Other (O)

Review LOE: 3.0

Review Findings: NAVFAC would prefer NFA (Alt.3), but understand underground utilities may hamper complete removal. Alt.2 therefore is recommended w/LUCs. TAS

The review status of this document is: COMPLETED
