The Honorable William N. Morris, Jr.  
Mayor of Shelby County  
160 Mid-America Mall North  
Memphis, TN 38103

Dear Mayor Morris:

The Superfund Amendment and Reauthorization Act of 1986 requires all Department of Defense Installation Restoration Program projects to implement a Technical Review Committee (TRC). Along these lines, a TRC is being established for Naval Air Station Memphis. This committee will actively participate in the development of the scope of work for the Remedial Investigation, provide comments and technical review during the execution of the Remedial Investigation, and assist in the selection of remedial technologies based on data gathered by the Navy.

I would like to extend an invitation for you, or a designee assigned by you, to serve as a committee member. Other members will include representatives from the United States Environmental Protection Agency, Tennessee Department of Health and Environment, and the Navy. I anticipate that the TRC will hold its first meeting in January 1989.

Please advise CW03 Ken Iverson at 873-5462 of your decision.

Sincerely,

R. GRANT  
CAPTAIN, U. S. NAVY
