SUBJ: Approval of Southside Perimeter Ditch Sediment PCB  
Concentrations Technical Memorandum for NSA Memphis

Dear Mr. Porter:

The U.S. Environmental Protection Agency (EPA) has reviewed the Revised NSA Memphis Southside Perimeter Ditch Sediment PCB Concentrations Technical Memorandum dated January 15, 1998 and has determined it to be acceptable.

If you have any questions or if there are any problems encountered during implementation of the work plans, please call me at (404) 562-8554.

Sincerely,

Brian Donaldson  
Environmental Engineer
