Subject: Technical Memorandum SWMU 2 Surface Container Removal Report,
Revision 0, Naval Support Activity Mid-South, Millington, TN

Dear Mr. Hill,

The Environmental Protection Agency (EPA) has reviewed the subject document. According to the document, all storage containers that were identified during the February 2003 survey have been removed. EPA concurs that no further action with regard to the surface containers is appropriate at SWMU 2.

If you would like to discuss further or you have any questions, please call me at 404-562-8513.

Sincerely,

Jennifer Tufts
