North Charleston, South Carolina 29419-9010

Subject: Corrective Measures Study Report (CMS), SWMU 39, Revision: 2, Naval Support Activity Mid-South, Millington, Tennessee

Dear Mr. Reed,

The Environmental Protection Agency (EPA) has completed review of the subject document. EPA agrees that Enhanced In Situ Bioremediation with Monitored Natural Attenuation is the best alternative for remediating groundwater at SWMU 39. This letter serves as concurrence to the SWMU 39 CMS.

If you have any questions please contact me at 404-562-8513.

Sincerely,

A handwritten signature in cursive script that reads "Jennifer Tufts".

Jennifer Tufts  
Remedial Project Manager
