RE: Alternative Procedure Request, Building 7174, McCoy Annex,
NTC Orlando
FDEP #488840202

Dear Mr. Ugolini:

I have completed the technical review of the Alternative Procedure Request (APR) dated October 31, 1996 (received November 1, 1996) submitted for Building 7174. As the vacuum enhanced system (bioslurping) will not displace nor remove significant amounts of groundwater during removal of the free product, an APR is not necessary. I approve of bioslurping for free product removal.

If I can be of any further assistance with this matter, please contact me at (904) 921-9989.

Sincerely,

John W. Mitchell
Remedial Project Manager
