Contract Task Order 323

**Subject: DRAFT LETTER REPORT FOR STATUS OF GROUNDWATER REMEDIATION AT
FORMER NRL ORLANDO**

Dear Ms.Nwokike:

Enclosed please find two (2) copies of the above-listed draft document for NRL Orlando. As you may recall, this is the document Mr. David Grabka needs in order to prepare a letter to the Swartwoods indicating the FDEP's acknowledgement that PCE contamination is not currently found within the groundwater underlying their property. As per your direction, I have also sent one (1) copy to Mr. Grabka with the FDEP. Please review the document and make any changes or modifications you require. I will ask Mr. Grabka to do the same and once I receive these changes I will address them and prepare the document in final form.

I will contact you and David next week to confirm receipt of this document and to answer any questions you have. Please call me at (412) 921-8415 or 1-800-245-2730 if you have any questions regarding this correspondence.

Very truly yours,

Roger A. Clark, Ph.D.
Task Order Manager
