

ENVIRONMENTAL MEETINGS

COASTAL SYSTEMS STATION, PANAMA CITY

ENVIRONMENTAL CLEANUP PROGRAM

WOODLAWN METHODIST CHURCH

The public is invited to attend an information briefing on the status of the Navy's **Environmental Cleanup** program and its intent to increase public participation in the program by forming a community advisory board known as the **Restoration Advisory Board**.

Two sessions will be held for the public's convenience.

Tuesday Evening, December 5, 1995

6:00 p.m. poster session and informal discussion

7:00 p.m. presentation by the Station

Wednesday Afternoon, December 6, 1995

1:00 p.m. poster session and informal discussion

2:00 p.m. presentation by the Station

Coastal Systems Station (CSS) is committed to public involvement in our environmental cleanup program. The Restoration Advisory Board (RAB) will be comprised of military personnel, regulatory officials and community members who will help guide the environmental cleanup activities at CSS. RAB members will serve as volunteers and review and comment on cleanup plans and documents. Applications for the RAB will be distributed at the meeting and must be returned to CSS by January 8, 1996.

For more information on the Restoration Advisory Board and the selection process, please attend the public briefing or contact the Public Affairs Office at (904) 234-4803.
