RE: Final RCRA Corrective Measures Implementation Plan, Revision 3, Area of Concern (AOC) 1, Naval Support Activity Panama City, USEPA ID# FL8 170 023 792, Facility ID # 03-8518667, Panama City Beach, Florida (Tetra Tech, June 25, 2012)

Dear Mr. Kissam:

I have reviewed the subject document which is dated June 25, 2012 and was received on June 26, 2012. This report was prepared under Contract Task Order Number 0066. The cover letter, for this submittal, states *"Please find enclosed one set of subject replacement pages in hardcopy format and a complete copy of subject report in compact disk (CD) format into which the attached replacement pages have been inserted. Please insert the enclosed pages into your hardcopy version of the report, revision 3. Upon doing so the report will become final with Florida Department of Environmental Protection (FDEP) approval, as indicated in the FDEP approval letter from Mr. John Winters dated June 7, 2012."*

I have completed this task as instructed. Since I had no comments pertaining to the Draft document, this Corrective Measures Implementation Plan, Revision 3, for AOC 1 is now considered Final and complete.
