Dear Mr. Moring:

Enclosed are copies of the above-mentioned document for Navy approval and signature. All comments have been incorporated. The Health & Safety and QC addendums for this task are also included for approval and signature.

As previously noted, sample locations 02SS06, 02SS08, 02SS11, 02SS15, and 15SS05 have the potential to exceed the budgeted amounts. If the situation arises where the soil volume appears to exceed the budgeted quantities, we will contact you and the contracting officer immediately, as required in the contract, for further guidance and direction. We will not excavate and dispose of more soil than was approved in the Phase III budget negotiation.

If you should have any additional questions, please contact me at (423) 220-2167.

Sincerely,

 Karen S. Atchley
