Pensacola, FL 32501-5794

Dear Mr. Hoffman:

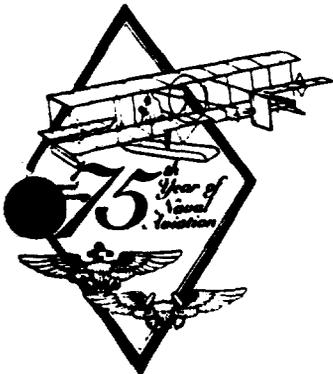

Per my discussion this date with Mr. Grady Swann of your office, we are returning the draft Consent Order, OGC File No. 86-0294, unexecuted based on the advice of the Environmental Branch, Southern Division, Naval Facilities Engineering Command.

We desire to meet with you to further discuss this issue. To have the necessary time to prepare for the attendance of representatives from Southern Division, we propose a meeting during the week of 27 July 1986. If this is acceptable, please contact Mr. Frank Fritz, NAS Pensacola, at 452-4515, to arrange the specific time, date, and place of the meeting.

Sincerely,

T. F. VENEHAN
