Ms. Diane Shepard
Public Affairs Office, Building 191
Department of Navy
Naval Air Station
Pensacola, FL 32508-5000

Dear Ms. Shepard:

As we discussed, enclosed is the information package that I believe will be helpful as you work with the public on hazardous waste issues.

The enclosed Community Relations Handbook was developed by those of us in EPA who administer the public participation requirements of CERCLA (Superfund), and is written to emphasize our opinion of the best approaches to meet those requirements. Requirements are stated by law, agency policy, and suggestion; so within those guidelines we are open to your suggestions and advice on how we may improve policy so that all parties involved can effectively meet their goals.

At anytime you need our assistance, please contact the following personnel in our Regional office:

- Beverly J. Mosely - 404/347-3004 - Community Relations Coordinator
- Arthur G. Linton - 404/347-3776 - Federal Facilities Coordinator

Thank you for your cooperation and we look forward to working with you on future projects.

Sincerely,

Beverly J. Mosely
