Mr. Patrick M. Tobin
Waste Management Division
United States Environmental
Protection Agency, Region IV
345 Courtland Street
Atlanta, Ga 30365

Dear Mr. Tobin:

Comments on our draft work plans have been received and forwarded to our Remedial Investigation contractor, Ecology and Environment, Inc., to consolidate and produce recommended responses/clauses for our final draft work plan.

When our contractor has finished the consolidation and prepared recommended responses/clauses, these documents will be forwarded to you for review. We will provide a 30-day review period prior to our next TRC meeting.

You should receive the work plan comments and recommended clauses by late January 1990. We will schedule our next TRC meeting in late February. At this meeting, we will review work plan comments and discuss recommendations provided by our contractor. If the TRC approves the recommended work plan clauses, we will then direct Ecology and Environment to produce our final work plan.

If you desire a TRC meeting earlier than scheduled, please contact Dwayne Ray at our Facilities Management Department. He may be reached at 904-452-4515.

Minutes of our last TRC meeting are enclosed for your review and records.

Sincerely,

HARRY A. JUPIN
Captain, U.S. Navy
Commanding Officer
