Chief, RCRA Branch
Waste Management Division
Environmental Protection Agency
345 Courtland Street
Atlanta, Georgia 30365

Dear Mr. Scarbrough:

Please find enclosed our response to comments contained in your letters of 1 September and 18 October 1989 concerning the RCRA Facility Investigation Work Plans for the Naval Air Station, Pensacola, Florida.

A project managers meeting will be held at the facility on 20 March 1990 to discuss technical issues related to the work plans. On the morning of 21 March 1990, a Technical Review Committee (TRC) meeting will be held to discuss and approve the revisions to the work plans. Upon concurrence by the TRC, the Draft Final Work Plans will be submitted to your office and the Florida Department of Environmental Regulation for final approval.

Please notify this office if you plan to attend either of the above referenced meetings. If you have any questions, please contact Mr. David Criswell at (803) 743-0612.

Sincerely,

G. C. BRADLEY, P.E.
