Re: Community Relations Plan for Naval Air Station, Pensacola,  
Pensacola, Florida

Dear Mr. Criswell:

EPA has reviewed the draft final Community Relations Plan (CRP) for Naval Air Station Pensacola submitted October 18, 1990. The Navy has addressed EPA comments transmitted in our letter of May 31, 1990. EPA approves this CRP as a primary document under the Federal Facility Agreement (FFA).

All future revisions of the CRP will need review and comment by EPA. In addition the Navy Public Affairs Officer should be provided a copy of the FFA and be familiar with it, especially Parts VIII (Consultation), XIV (Project Managers) B and C, and XXIX (Administrative Record and Public Participation).

Please note that Section XXIX requires the parties to the Agreement to exchange press releases and notices forty-eight hours before issuance. In addition EPA would like to receive courtesy copies of all fact sheets released by NAS Pensacola.

If you have any questions please contact Nancy Dean or Jeff Crane at (404) 347-3016.

Sincerely yours,

*for Michael J. Hartwell*
