Dear Mr. Nuzie:

Enclosed for your review are our responses to your comments on the Draft Interim Data Reports and the Proposed Recommendations for Phase II Workplans at the Naval Air Station Pensacola Sites 1, 2, 11, 12, 13, 14, 15, 24, 26, and 30.

We have incorporated your appropriate comments into the Final Interim Data Report submittals and the Draft Phase II Workplans for the above mentioned sites. The Interim Data Reports were finalized in the context of the corresponding primary document (Federal Facilities Agreement (FFA), Section VIII.B.2).

We will proceed with the RI/FS process on these screening sites since contamination was detected and the recommendations for additional field work had been provided. The appropriate Operable Unit will be expanded to include these screening sites, and in the future, we will prepare submittals pertaining to these sites, up to and including the generation of a Baseline Risk Assessment (BRA), as Operable Unit-specific documents.

We appreciate your effort and corporation. Please contact Ms. Suzanne O. Sanborn at (803) 743-0574, if you should have any questions pertaining to our responses or any other matter concerning the Naval Air. Station Pensacola, Pensacola, Florida Installation Restoration Program.

Sincerely,

JAMES B. MALONE, JR., P.E.
MANAGER, INSTALLATION
RESTORATION, EAST SECTION
