Dear Ms. Sanborn:

This letter is **in** response to the latest version of the NAS Pensacola Site Management Plan (SMP). On September 23, 1991, I informed you that we had completed our review of the SMP, and that it was satisfactory for its purpose. Furthermore, I stated that we would accept that version as the official one for **FY92** unless changes were made based upon EPA comments.

I recently spoke to Allison Drew, the EPA Region Project Manager for NAS Pensacola. She said that her comments were forthcoming, but that the updated version did not address all of her comments. Consequently, I must defer final approval until I receive EPA's comments and your responses to them.

If I can be of any further assistance with this matter, please contact me at (904)488-0190.

Sincerely,

Eric S. Nuzie
