RE: Review of Draft RI/FS Work Plan: Operable Units 11-14
Naval Air Station, Pensacola

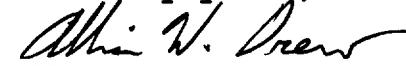

Dear Ms. Sanborn:

EPA Region IV is currently reviewing the Draft RI/FS Work Plans for Operable Units 11 through 14, received in this office on September 24, 1991. We regret that due to the volume of documents submitted and a number of other coincident deadlines we will not be supplying comments within the 90-day review period stipulated in Section VIII.G.3. of the Federal Facilities Agreement (FFA).

This letter shall therefore serve as our written notice of intent to extend review period by 20 days, also per Section VIII.G.3. of the FFA. We anticipate providing comments on the aforementioned work plans to the Navy at the January 13, 1992 Project Managers Meeting.

If you have any questions regarding this matter, please call me at (404) 347-3016.

Sincerely yours,

Allison W. Drew, RPM
