Re: Replacement Pages for the Draft Final Investigation Work Plan  
Revisions, Site Groups E, I, P, and Q, Contamination  
Assessment/Remedial Activities Investigations, Naval Air Station  
Pensacola, Pensacola, Florida

Dear Mr. Nuzie:

Enclosed are revised pages for the draft final work plans, site groups H, I, P, and Q, for the above-referenced project. Please replace the respective, previously submitted (July 2, 1992) pages with these. These revisions include changes to sections 14 and 19 which were agreed upon at the June 16 and 17, 1992, remedial project managers meeting held at NAS Pensacola. Due to time constraints, these changes were not included in the original submittal of these work plans. These changes were, however, included in the draft final investigation work plans for site groups A through E submitted on July 10, 1992.

If there are any questions regarding these revisions or any other matters pertaining to the project, please call me at (904) 435-8925 or Rick Rudy at (904) 877-1978.

Sincerely,

ECOLOGY AND ENVIRONMENT, INC.
