Re: Naval Air Station Pensacola
Draft Sampling and Analysis Plan for Operable Unit 10

Dear Ms. Martin:

We have reviewed the above referenced document as requested. Our only comments concern Section 4.0 (Field Sampling Plan).

This section includes figures showing the monitoring well sampling locations. You also need to include figures which designate the sampling locations for soil, and for surface water/sediment.

Thank you for the ability to comment. If you have any questions, please call (904) 488-5474.

Sincerely,

John Mitchell
