Dear Ms. Martin:

Department personnel have completed the technical review of the Draft Sampling and Analysis Plan for OU-10 (Sites 32, 33 and 35), NAS Pensacola. Mr. Jorge Caspary, the Department's Base Coordinator for NAS Pensacola, has determined that the sampling and analysis methodologies and protocols are consistent with the established Standard Operating Procedures for the type sampling and investigation described in the referenced report. Therefore, the document is satisfactory for its purpose.

If I can be of any further assistance with this matter, please contact me at 904/488-0190.

Sincerely,

Eric S. Nuzie
