Dear Ms. Martin:

Department personnel have completed the technical review of the Final Contamination Assessment/Remedial Activities Work Plan Group L, Health & Safety Plan and Generic Quality Assurance Project Plan, NAS Pensacola. The Work Plan adequately incorporated our comments on the previous version of the document and is therefore deemed satisfactory for its purpose. As you know, we do not approve Health and Safety Plans or Quality Assurance Project Plans. We only provide recommendations or comments for technical assistance purposes. Our final review did not result in any new comments.

If I can be of any further assistance with this matter, please contact me at 904/488-0190.

Sincerely,

Eric S. Nuzie
Federal Facilities Coordinator
