SUBJECT: Review of Responses to Clarifications and Modifications
to Draft Final Site Specific Sampling and Analysis
Plans. Categories 2 and 3 Sites. Pensacola Naval Air
Station.

I have reviewed the replacement pages for insertion of Investigative Categories 2 (sites 1, 25, 27, & 39) and 3 (sites 2, 11, 30, & 38). The pages adequately address Departmental concerns; therefore, the RI/FS Workplans for Sites 2, 25, 27, and 39 should be considered final. The Department **also** approved field changes to Sites 1 and 11; therefore, the Work Plans for these sites should also be considered final. Due to the complexity of Sites 30 and 38, the Sampling and Analysis Plan for those sites will be discussed with EPA and the Navy RPM in a forthcoming meeting tentatively scheduled for October 12 and 13.
