

# NAS PENSACOLA MEETING SUMMARY

## I. MEETING REVIEW

a. Date : 8/12/94                      Place : Pensacola, FL                      Time : 08:00

b. Attendees  
    See Attached Attendance List

c. Notetaker: Allison Dennen

d. Agenda:

Topic	Addressed	Need More Discussion
Bill Kellenberger's Participation	Yes.	No
Closure Plan for IWTP Sewer Line	Yes	No
Closure of Sumps	Yes	No
Concrete Disposal	Yes	No
Asphalt Disposal	Yes	NO
Soil Disposal	Yes	No
IWTP Construction	Yes	NO
Building 607 and 3557S UST	Yes	No
AVGAS Line	Yes	No

e. Decisions Reached or Actions Taken:

- D - Bill Kellenberger made an Adjunct Partner
- D - Clean-close or risk-base-close sewer line before dewatering. 24 hour potable water flushing with effluent samples collected at 12, 22, 23, and 24 hours. Analyze 24 hour sample first. If above MCLs, analyze others to check for asymptotic conditions. If not asymptotic, additional flushing will be performed. Sample of influent potable water will also be collected.
- \* D - Sumps may be clean closed under RCRA based on existing data with removal of upper 5 feet of Sump 5 as hazardous waste.
- \* D - Concrete will be solid waste or recycled. No more testing needed unless hotspot areas encountered.
- D - Asphalt will be recycled. Any excess asphalt will be tested before disposal.
- \* D - Construction contractor responsible for health and safety concerns. No third party oversight.
- D - Site 23 Soils - Inform contractor of petroleum contamination for health and safety.
- \* D - Site 30 Soils are below action levels. No further action needed.
- \* D - Site 34 - Construction contractor will remove identified hot spot. No further action needed.
- D - Chevalier Field Non IR - Not hazardous waste. Remove hot spots as encountered by construction contractor.
- \* D - Include Site 23, Building 607 UST, Building 3557S UST, and AVGAS line in Chevalier Field position paper
- \* D - Soil removed at the IWTP during construction is not hazardous waste. The soil will be taken to a landfill for disposal.

f. Attachment. (products from mtg., article. discussed):

- Removal Action Public Notice
- Draft Closure Plan for IWTP sewer line closure, concrete and asphalt disposal, and soil disposal
- Agenda
- \* Bill Kellenberger Memorandum, Guidance for Artificial Reef Construction, and Hazardous Waste Generator Closure Guidance

NAS PENSACOLA TIER I TEAM MEETING  
AUGUST 12, 1994  
8:00 AM  
BUILDING 3813 CONFERENCE ROOM

AGENDA

Meeting Attendees:

- Allison Humphris • EPA
- David Clowes • FDEP
- Bill Kellenberger • FDEP
- Henry Biero • ENSAFE
- Brian Caldwell • ENSAFE
- Gaines Smith • BECHTEL
- Bill Hill • SOUTHDIV
- Bill Gates • SOUTHDIV
- Dick Handrahan • MANAGEMENT EDGE
- Ron Joyner • NAS PENSACOLA

The Following Personnel Should Be Available For Input To The ~~Meeting On~~  
An As Needed Basis:

- ~~Tom~~ Sailors • SOUTHDIV
- Fred Varn • SOUTHDIV
- Fred Walker • GRIENER
- 'Sherry Carberry • GRIENER
- Frank Stuart • PWC
- Bob Raines • PWC

AGENDA TOPICS

1. Abandonment Of Industrial Waste Collection And Transfer System  
Goal: Determine Cleaning Meethod, Testing Proceedure And Cleanup Parameters.
2. Chevalier Field Concrete Disposal  
Goal: Determine Cleaning Meethod, Testing Proceedure And Cleanup Parameters.

**3. Chevalier Field Soil**

**Goal: Determine Necessary Pre-Construction Actions**

**4. Classification Of Sludges**

**Goal: Determine Classification Of Sluges From Post Treatment Plant Conversion.**

**TIER I PARTNERING TEAM MEETING FORMAT**

- **Team Huddle**
- **Introduction Of Non Team Members**
- **Meeting Roles (Gatekeeper, Meeting Leader etc.)**
- **Ground Rules**
- **Review Previous Meeting Summary (Notetaker)**
- **Check-In With Time Limit**
- **Agenda**
- **Prioritize Agenda**
- **Meeting Goals**
- **Start Discussion**
