P.O. Box 190010  
North Charleston, South Carolina 29419-0068

RE: Final Preliminary Site Characterization (PSC) Report  
for Site 5 (Borrow Pit), Naval Air Station Pensacola.

Dear Mr. Hill:

I have completed the technical review of the subject document, dated July 7, 1995 (received July 14, 1995). The analytical results from soil and groundwater samples are below the Preliminary Remedial Goals (PRGs) and Florida Groundwater Guidance values respectively. Thus, this document with the recommendations of no further action, is acceptable as final.

If I can be of any further assistance with this matter, please contact me at (904) 921-9989.

Sincerely,

David M. Clowes, P.G.  
Remedial Project Manager
