RE: Draft Community Relations Plan, NAS Pensacola

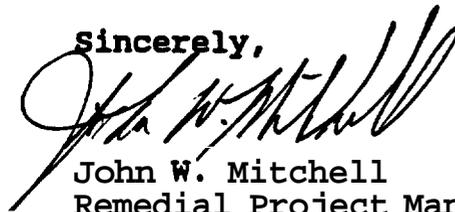

Dear Mr. Bill:

Based upon my technical review of the above referenced document dated December, 1995 (received December 18, 1995), I have the following comments.

1. In the last paragraph of the Introduction, on page 3, the second sentence should say, "The repositories contain the Remedial Investigations/Feasibility Studies, Records of Decision, and other technical information."
2. In Section 4.2 (Key Community Concerns) under the subheading Wetlands, on page 20, the second sentence should state, "Wetlands, which once covered more than half the state, have slowly disappeared but are being restored, protected, and enhanced through local zoning and building restrictions and through procedures of mitigation."
3. Appendix B (Restoration Advisory Board) should include the names and phone numbers of each RAB member.

If I can be of any further assistance with this matter, please contact me at (904) 921-9989.

Sincerely,

John W. Mitchell
Remedial Project Manager
