RE: Draft Confirmation Sampling Results, Chevalier Field Removal
Actions, NAS Pensacola

Dear Mr. Hill:

I have completed the technical review of the above referenced document dated June 21, 1996 (received June 25, 1996). The document adequately describes the confirmatory sampling results of the removal actions performed by the Hyman Construction Company. It appears that in some instances procedures were not followed as prescribed in their contract. However, except for Site 9A the removals have met most of the desired goals.

If I can be of any further assistance with this matter, please contact me at (904) 921-9989.

Sincerely,

John W. Mitchell
Remedial Project Manager
