Naval Air Station Pensacola
Restoration Advisory Board Meeting Minutes
December 2, 1997

N00204.AR.001572
NAS PENSACOLA
5090.3a

1. Call to Order:

The meeting was called to order by Community Co-Chairperson Mr. Jesse Rigby. The minutes of the 23 September 1997 meeting were reviewed and approved.

2. RAB Member Concerns

Mr. Jesse Rigby stated that RAB members should be aware of community organizations such as the Warrington Revitalization **Committee** in an effort to recruit new members for the **RAB**.

3. Community Concerns

There were no community concerns discussed.

4. Proeress Renort

Mr. Bill Hill provided a copy of the progress report to the RAE3 members. He noted the completion of the removal action at Operable Unit 10 and the proposed removals at Sites 1, 7, 9, 10, 17, 18 and 25 is scheduled to begin in early February 1998.

5. Other Business

Mr. Jesse Rigby questioned why the selected alternative for Site 1 addressed only Iron contamination when there were other contaminants present at the Site. Mr. John Mitchell explained that Iron exceeded surface water standards at one of the wetlands at the border of Site 1 while the other contaminants were not found to be exiting Site 1 at levels which would pose a risk.

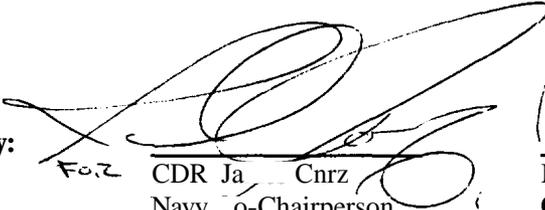

Mr. Rigby also questioned why a monitoring alternative would be selected at Site 2 if contaminants were no longer being introduced to the site. He stated if the site did not require cleanup now, the conditions would only improve with time. Mr. John Mitchell explained that the site still poses an ecological risk and a monitoring alternative is the only method to establish whether natural processes will reduce the risk to acceptable levels.

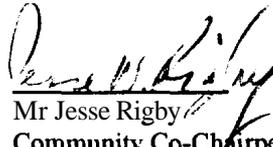

The next RAB meeting is scheduled for March 24, 1998.

6. Adjournment:

The meeting was adjourned by consent of the members at 18:30.

Minutes approved by:

Fo.2 CDR Ja Cnrz
Navy o-Chairperson

Mr Jesse Rigby
Community Co-Chairperson
