RE: *Final Focused Feasibility Study Addendum for Site 1, NAS Pensacola*

Dear Mr. Hill:

I have completed the technical review of the above referenced document dated October 30, 1997 (received November 5, 1997). The document is approved as final per the attached memorandum and certification by Greg Brown, P.E.

If I can be of any further assistance with this matter, please contact me at (904) 921-9989.

Sincerely,

A handwritten signature in black ink, appearing to read "John W. Mitchell".

Memorandum

Florida Department of
Environmental Protection

TO: John Mitchell, Remedial Project Manager,
Technical Review Section

THROUGH: Tim Bahr, P.G., Supervisor, Technical Review Section **TB**

FROM: Greg Brown, P.E., Professional Engineer 11, Technical
Review Section **TB**

DATE: November 21, 1997

SUBJECT: Focused FS Addendum, Site 1; NAS Pensacola, Florida.

I reviewed the subject engineering document dated October 30, 1997 (received November 5, 1997). Ms. Elizabeth Barnett, P.E., Florida Professional Engineer No. 0050413, is the engineer of record for this engineering document. I reviewed an earlier version dated June 26, 1997, (received June 27, 1997) and provided you with comments on it in a memorandum dated July 28, 1997. The current revised document adequately addresses these comments. The Focused FS Addendum, Site 1, is adequate for its intent. My engineering certification is attached. If you have questions, please call me at (904) 488-3935.

CERTIFICATION OF APPROVAL

RE: Focused Feasibility Study Addendum, Site 1; NAS Pensacola, Florida.

Naval Air Station Pensacola, Florida, is undergoing investigation and remedial actions under the federal Comprehensive Environmental Response, Compensation, and Liability Act, as amended. In my professional judgment, the engineering features described in the engineering document, Focused Feasibility Study Addendum, Site 1; NAS Pensacola, Florida, provides reasonable assurance of reducing applicable pollutants below quantities which may be potentially harmful or injurious to human health or welfare and animal or plant life in accordance with state criteria as required by Chapter 376, F.S.

I have not evaluated and do not certify aspects of this plan that are outside the limits of my review responsibilities and outside my area of technical expertise (including but not limited to electrical, mechanical, and structural features). I personally conducted this review.
